GPA 3.79

WORK EXPERIENCE

Financial Controlling Intern, BMW Spartanburg Plant, Greer, SC

May 2025 - August 2025

- Automated recurring processes using Microsoft Visual Basic, reducing work time and improving efficiency.
- Tested Python solutions to streamline workflows, identifying opportunities for process optimization.
- Identified potential cost-saving opportunities, enabling leadership to reduce actuals and align spending with budget targets.
- Analyzed historical spending trends and provided actionable insights to controllers, improving accuracy in departmental budget planning.

Bluetube Media Manager, Presbyterian College, Clinton, SC

August 2023 - Present

- Prepared reports for program fund managers detailing current projects, team successes, and organization plans.
- Worked across multiple media platforms, to encourage engagement of media pages, drive traffic to the main YouTube page, and effectively reach the student population.
- Cooperated with fellow students of other organizations to work on projects that would benefit both teams.

Resident Assistant, Presbyterian College, Clinton, SC

August 2023 - Present

- Assisted residents with problems and concerns regarding living conditions, academic life, and integration into college life.
- Reported experienced and sighted incidents to maximum detail informing directors of the situation to the fullest extent.
- Planned engaging and fun events for residents and the general student population to encourage community and bonding.
